Do please carefully check your sizing against the DSI standard measurement chart since these items are special orders and as such non returnable. As ever our expert team is always available to advise.

DSI Collection dancewear

Inspired by the very latest fashion trends as well as the stunning look and feel our very own dance fabrics, this year's DSI London Collection wear sees two captivating colours take centre stage: our classic Black and sophisticated Burgundy – the height of understated elegance.

Our Collection wear makes the most of the rich, luxurious textures of high-quality crepe, satin, mesh and flock while giving classic Ballroom & Latin silhouettes a fresh modern twist.

Premium made-to-order

If our Collection Wear has inspired you but you want something a little more individual, consider our Premium Range service.

Using our Collection wear designs as a base template you are free to choose any colour and fabric with suitable stretch qualities to personalise your look. Order your closest regular dress size to create a fabulously fitted garment that reflects your own personal flair and style. We produce everything from our headquarters in London where we pour love and care into every detail.

As these garments are not stock items and are ordered on an individual basis please note that production can take between 2-4 weeks depending on the time of year. Premium Range items are strictly non-returnable as they are individually made to suit your own requirements. As such, please be extra sure to take your measurements accurately from our comprehensive measuring chart above.
